

“We have no choice but to rely on quality and our true weapon is knowledge. We want to compete with you in nations around the world, and our ambition is to compete with the advanced countries of the world that have achieved successes in human development, education, and the economy”

His Highness Sheikh Mohammed bin Zayed Al Nahyan

Congratulation

We proudly congratulate our colleague, **Mishaal Al Ayali Al Muhairi**, on his graduation as part of the 2024–2025 cohort of the Mohammed bin Rashid Leadership Development Program, during the ceremony attended by His

Highness Sheikh Mohammed bin Rashid Al Maktoum, may God protect him.

We are proud to have promising leaders among us, and we wish him continued excellence and success in serving the nation.

TDRA Events

In June, TDRA took part in a host of activities, most notably:

His Excellency Eng. Majed Sultan Al Mesmar, Director General of TDRA, met with Eng. Ahmed Abdullah Al-Muslemani, President of the Communications Regulatory Authority of Qatar

TDRA launched the DGOV Community an environment bringing together digital transformation experts from all Federal Government entities

TDRA launched the Digital Services Design course – Services 2.0 – in collaboration with the Prime Minister’s Office

TDRA participated in the 47th meeting of the Technical Committee of the Technical Office for Telecommunications of the Regulatory Authorities of the GCC States, which was held in the Kingdom of Bahrain

As part of its commitment to accelerating digital transformation and enhancing collaboration between federal and local entities, TDRA hosted the Leaders Meeting for the Smart Services and Infrastructure Track, in line with the goals of UAE Vision 2031

The Telecommunications and Digital Government Regulatory Authority (TDRA) organized the GovSign Platform Workshop as part of DGOV Community

His Excellency Eng. Majed Sultan Al Mesmar, Director General of TDRA, headed the UAE delegation participating in the 2025 ITU Council meeting in Geneva

DGOV Talks

Discussion sessions from DGOV Talks in which we discuss the most important topics of digital government and technological innovation. We have selected for you in this issue an episode entitled:

How Can We Build a Culture of Change Instead of Imposing It?

- What’s the difference between change management and a culture of change?
- How can we overcome resistance to change?
- And what is the role of leadership in creating a flexible and adaptive environment for development?

In this episode of DGOV Talks, we discuss the importance of fostering an organizational culture that supports change and embeds it into the daily practices of government entities.

Enjoy a rich episode filled with real-world examples and practical advice for any organization aiming for a successful and sustainable transformation. [here](#)

TDRA Glossary

Term	Definition
Number Portability	The capability or service whereby a Subscriber who is being provided with a Telecommunications Service in association or connection with a particular Number, can terminate the contract with the Licensee providing that Telecommunications Service, but continue to use that Number in association or connection with the provision of a Telecommunications Service by another Licensee.
Number Reserve Period	A period of time during which a Number shall not be re-used after the provision of a Telecommunications Service utilizing that Number has ceased, as specified in the Regulatory Framework in effect at the time and in particular the National Numbering Plan Policy.
