DGOV Academy

DGOV Academy is dedicated to creating courses and programmes aimed at increasing public awareness of digital transformation and empowering professionals in this field through comprehensive, tailored training programmes. The mission of DGOV Academy is to build capabilities that actively contribute to the UAE's vision for a fully integrated digital future, where all members of society are able to navigate new technologies.

Global Digital Compact

The Global Digital Compact is a comprehensive global framework for digital cooperation and governance of artificial intelligence. 20 years after the World Summit on the Information Society, it charts a roadmap for global digital cooperation to harness the immense potential of digital technology and close digital divides.
