

## Activate a Government Service on the Federal Network

### About the Service/Feature

FedNet provides connectivity between government entities for the purpose of exchanging and sharing data, which would save the entities the costs of direct connection with each entity independently.

### Service steps

- Step 1** → Log in using UAE Pass
- Step 2** → Submit a service request
- Step 3** → Fill-in the technical details survey and attach the required documents
- Step 4** → TDRA will review the request and survey
- Step 5** → Receive a notification of service provision
