

## Private Dedicated Connectivity

### About the Service/Feature

TDRA provides two types of connectivity to connect government entities to FedNet. Private dedicated connectivity is encrypted and used to link government entities via a private network with high standards, while virtual private networking is made online via FedNet. Connectivity is made upon the requirements of the applicant and in coordination with FedNet.

### Service steps

- Step 1** → Log in using your UAE Pass
- Step 2** → Submit the application form
- Step 3** → Receive an NOC from TDRA addressed to the service provider
- Step 4** → Contact the service provider to request lines
- Step 5** → Notify TDRA of the connectivity readiness
- Step 6** → Meeting between the FedNet team and the applicant
- Step 7** → Completing the required technical survey
- Step 8** → Review the application and survey by a specialized team at the Authority
- Step 9** → Receive the service
