

# Issue Licenses to Provide Telecommunication Services

## About the Service/Feature

TDRA is the legal entity responsible for issuing licenses under the Telecommunications Law. According to the Law, operating a public telecommunications network or providing subscribers with telecommunication services and all other types of activities determined by the Board of Directors in accordance with the provisions of the Law requires obtaining a license from TDRA. The service also includes existing licensees who want to renew, amend or cancel their telecom services license.

## Service steps

**Step 1** → Fill-in the licensing application

**Step 2** → Provide all the requirements

If you wish to provide satellite services, please provide us with a no-objection letter from the UAE Space Agency

**Step 3** → Pay the service fees

**Step 4** → Review the application by a specialized team at the Authority

**Step 5** → Receive the license

**Service  
Limitation**

The applicant must comply with the following:

- Application for approval to establish the company to be licensed under Article 28 of the Telecommunications Law. Approval of the establishment shall not be considered an indication of approval of any license that may be requested thereafter.
- If the applicant wishes to obtain an exemption from any provision of the Commercial Business Law

**Service Remark**

- The Authority shall determine the procedures to be followed for granting licenses, and these procedures may include competitive selection processes including, but not limited to, auctions, sealed bids, or any competitive selection process through which the Authority evaluates the merits of each competitor.
