

Activate a Government Service on the Federal Network

About the Service/Feature

FedNet provides connectivity between government entities for the purpose of exchanging and sharing data, which would save the entities the costs of direct connection with each entity independently.

Service steps

- Step 1** → Log in using UAE Pass
- Step 2** → Submit a service request
- Step 3** → Fill-in the technical details survey and attach the required documents
- Step 4** → TDRA will review the request and survey
- Step 5** → Receive a notification of service provision
